

1. Login Window

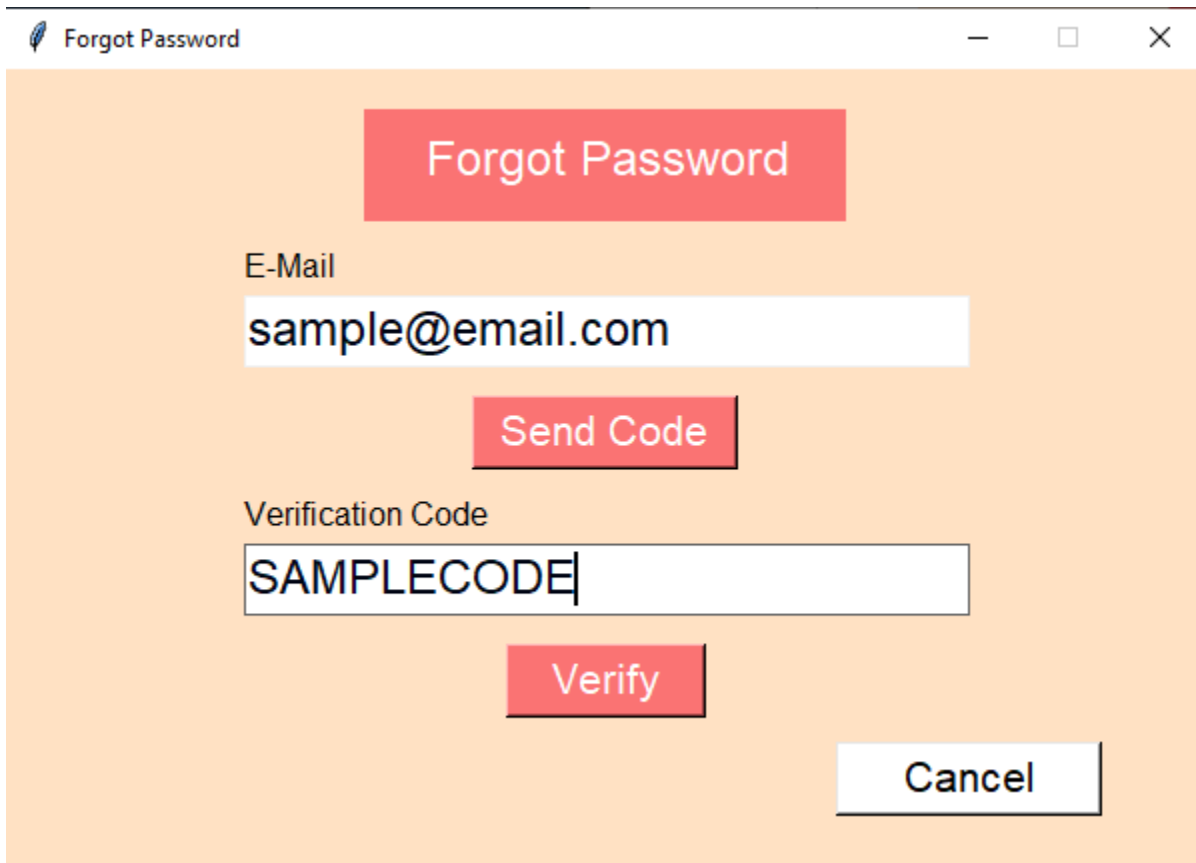

Input Username and Password and click the Login button to access the software. It has a checkbox to show the password. About to know what the software is. It has a Forgot Password? In case that the user forgot their password. Lastly, Exit button to close the software.

The image shows a software login window titled "Login". At the top center is a red rounded rectangle with the text "TRI-MARK CONSTRUCTION SUPPLY" in white, bold, sans-serif font. Below this, the "Username" label is followed by a text input field containing "admin". The "Password" label is followed by a text input field containing "admin". Below the password field is a checkbox labeled "Show Password" which is checked. To the right of the checkbox is a blue link labeled "Forgot Password?". At the bottom left is a red "Login" button, and at the bottom right is a white "Exit" button. In the bottom right corner of the window is a link labeled "About".

2. Forgot Password

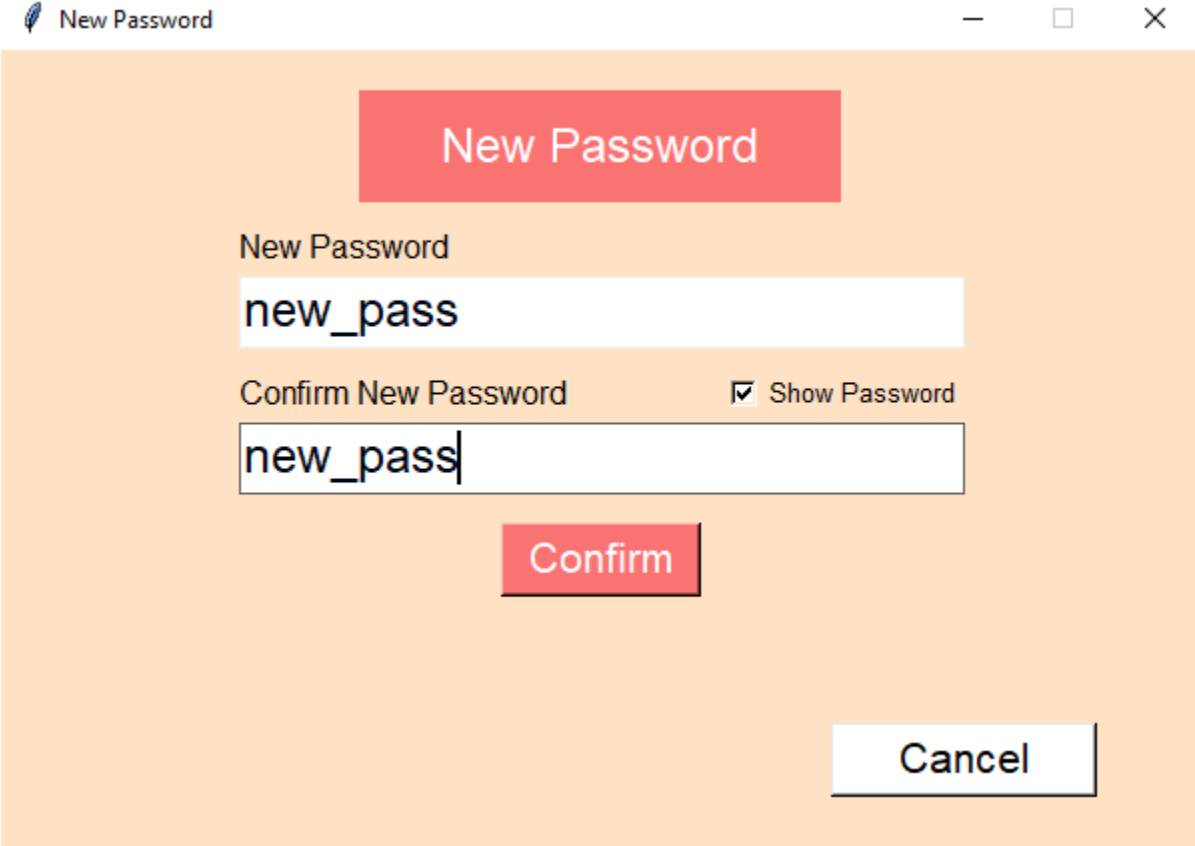

Input the email address that is registered. Then click send code. The code will be sent to the email address. Input the code from the email in the verification code entry then click verify.

The screenshot shows a web browser window titled "Forgot Password". The page has a light orange background. At the top, there is a red button labeled "Forgot Password". Below this, the label "E-Mail" is followed by a text input field containing "sample@email.com". Underneath the email field is a red button labeled "Send Code". Below the "Send Code" button, the label "Verification Code" is followed by a text input field containing "SAMPLECODE". Underneath the verification code field is a red button labeled "Verify". In the bottom right corner, there is a white button labeled "Cancel".

3. New Password

Input the new password you want to. Like in Login it also has the Show Password checkbox to show the password on the entry. Then press confirm if you decided for the new password.

A screenshot of a web application dialog box titled "New Password". The dialog has a light orange background and a red header bar with the text "New Password". Below the header, there are two text input fields. The first field is labeled "New Password" and contains the text "new_pass". The second field is labeled "Confirm New Password" and also contains the text "new_pass". To the right of the second field is a checkbox labeled "Show Password" which is checked. Below the input fields are two buttons: a red "Confirm" button and a white "Cancel" button with a black border.
